Private Submarine “ JAPANG ”

“JAPANG” is a high performance private submarine for leisure. Amuza Japan took more than 20 years from concept to development. With cooperation of development staff of Japanese Deep Sea Projects, we have achieved high safety and excellent maneuverability. All components and machinery are designed, engineered, produced by Japanese technology and perfected by Japanese craftsmanship making this luxury submarine truly “Made in Japan”.

The best in safety, Precision and performance.

Best in Safety : Made in Japan

Safety for Pressure Vessels for Human Occupancy (PVHO), security devices, GPS, Blind-corner camera & monitor, Interior gauges, Communication devices, Life support systems etc.

Best in Precision : Japanese Manufacturing Tradition

Pressure Hull Materials : steel (Kobelco) , Canopy Material : Acrylic (Mitsubishi) , Other Materials, Wire & Wiring Looms : Approved for incombustibility Test etc.

Best in Performance : The Highest Level of Maneuverability

Dimensions, Weight, Propulsion, Power, Rapid Immersing / Surfacing, Steep Angle Climb / Dive etc.

Curiosity enriches life to it's fullest.

Now that space travel is becoming a reality, it is evolving every day in the underwater world.

We are pleased to be able to guide this "Made in Japan Private Submarine". You will experience a magical feeling.

Dimensions	length 4,900mm /width 2,150mm /height 1,950mm
Weight	4.5ton (dry weight)
